

Malawi Quarterly Report

Period: 1st October to 31st December 2019

Meetings were held at the Nsanje church where the work started in Malawi. We first visited the local chiefs, who are members of the church, to register our presence in the area. The meetings with various ministers went on well and a follow up meeting will be called up early in 2020.

Kadidi, Nazombe Open Air Revival.

Bro Richard opened the services with Luke 19 vs 1 to 10. **“And Jesus said unto him, this day salvation come to this house, for so much as he also is a son of Abraham for the son of man is come to seek and to save that which was lost”** Zacchaeus was a chief amongst publicans and was a rich man. He had much in his life but lacked salvation. Jesus saw him and acknowledged his deep desire to see him. Jesus came to the sycamore tree that he had climbed and called him and instantly Zacchaeus received Jesus and was saved. You could be rich lacking nothing but poor in spirit lacking salvation as it was with Zacchaeus. Jesus is passing through Kadidi right now and you come forward to meet him. There was a rush to the altar and the Lord blessed,

On the last day of the Open Air Revival, preaching was taken from 1 Corinthians 12 vs 14 to 27, the title was **Jesus the head of the Church**. The body comprise of many parts that together make up the body. All members work in unity without any contradictions or confusion. In all this divine operation there is one member of the body called **Head** who plays a very vital role of commanding instructions to all members of the body. On the body the head takes the role of Jesus the head of the church as per Colossians 1 vs 18 **“ And he is the Head of the body the church”** The head runs everything, no other member of the body dares to make decisions or is qualified to give directions to all members of the body. The nerves system conveys instructions from the head, and transmits those instructions faithfully and that is settled. The nerves will never qualify to make decisions, but remain subject to the head. The truth is no other member of the body shares authority with the head. All other members of the body play their very important roles in the function of the body but they all obey the head.

We have seen people living without other limbs like legs or hands, but we have never seen anyone living without a head. We can see here the importance of the Head “Jesus Christ” upon our spiritual body. The truth is without Him we are dead, we cannot do without Jesus the Head. The altar was filled and the spirit of the Lord blessed seekers.

Outreach Efforts in Schools

By Gods grace the program continues and so far eight private and government schools both primary and secondary are being visited once a week, to preach the gospel and conduct teachings on Sunday school lessons. More schools are being explored within the area.

Development

Workers meeting and Thanks giving Sunday.

On the Saturday the 30th November 2019 workers gathered in Kadidi for a year end workers meeting.

We shared on “The call to preach” and deliberated on 2020 calendar. The meeting started at 10 am with one hour lunch and continued until 4,00pm when round table took over.

On the 1st December 2019, we had our Thanks Giving program. After Sunday school and Devotional service, people gathered around enjoying refreshments to exchange gifts. There was much joy as no one went home without a gift including our neighbors. The whole church was encouraged to testify to thank God for His divine care in 2019. We do this yearly as we prepare for the Regional camp.

At Regional Camp Meeting in Bulawayo Zimbabwe.

We were eight in total from Malawi. We arrived in time for workers conference and ministers and spouses meeting. There was a wonderful peaceful atmosphere in the camp and the presence of the Lord was felt. The camp meeting in Bulawayo Zimbabwe can only be summarized as a miracle experience filled with extra ordinary outpouring of blessings beyond expectations to those in attendance as per opening service. We went back to Malawi bubbling with joy and having wonderful testimonies to tell.

General

We had our first wedding in the church since our arrival in Malawi. Our youth minister bro Hopeson Shuga got married to sister Tinenenji. The ceremony was well attended; the church was full while the reception was overwhelmingly attended beyond our expectations with thousands in attendance.
