Lesson 37 MOTHER'S DAY

For a take-home card for your class, make a copy of enclosed pattern for each student, fold in half, then in half again and let them use colored markers, glitter, fabric paints, narrow ribbons, trims, etc. to decorate and personalize them.

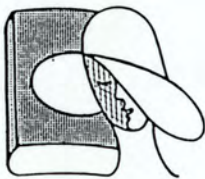

NOTE: You may want to do this the week before Mother's Day so they can dry!

If time permits, an envelope can be made out of wrapping paper, construction paper or ? and decorated also!

The message is generic enabling a child to give it to someone else if they are not living with their Mother.
